Offer valid from 1st July to 30th September 2023.

Eaton 5S, 550-1500VA

Line Interactive versatile UPS

To protect workstations, business telephony, network devices and point of sales equipment

- Versatile: can be installed vertically over or under a desk, or horizontally under a screen.
- Provides effective power protection. Voltage fluctuations are automatically corrected using an AVR device (booster/fader), without needing the batteries.
- Protects networked equipment from "back door" power surges coming through Ethernet, internet or telephone lines.
- USB connectivity (all models come bundled with a USB cable and two IEC-IEC load cables).

Warranty+3

This service gives you a peace of mind for 1 or 3 years in addition to the warranty of the product.

- The product is covered by a standard exchange
- Shipping costs covered by Eaton
- Professional helpline during working hours
- This offer covers both electronic parts and batteries*
- Can be renewed for a time total period of maximum seven (7) years

* Normal battery aging and « recommend battery replacement» message visible on the display do not imply batteries' faults and therefore are not covered by the warranty.
